STARTING BUSINESS IN VIETNAM

Conception to Implementation

Tricolor's Business Setup Services is designed to provide invaluable support and hand-holding to any foreign company investing in Vietnam. Our multi-professional business setup team delivers under one roof a combination of advisory and consulting services, transaction support and project management support for inward investments.

In doing so our consultants not only guide foreign direct investors at the pre-investment stage - providing advice on investment and enterprise laws, market entry strategy, ensuring regulatory compliances, and obtaining tax incentives - but also assist in greenfield to brownfield setup stage; thus delivering business setups on a turnkey basis. On successful implementation of the business plan, we also arrange for recurring services to help the client through the initial stages of operation in an unfamiliar location.

We aim to help clients avoid mistakes as well as save management time in dealing with regulations, customs, business and operational issues.
